

Next Health Now has the world's healthiest chocolates so . . .

CHANGE YOUR CHOCOLATE™

You know you're going to eat chocolate. Now, you can Get Healthy, too, by changing your chocolate to the *HEALTHY CHOCOLATE™*. How are we different? Unlike store-bought chocolates, ours have:

- NO gluten
- NO GMOs
- NO waxes
- NO fillers
- NO artificial colors/flavors
- NO alkali
- NO preservatives or trans fats

and, unlike others, our Healthy Chocolates™ are

- YES Diabetic-friendly
- YES Kosher
- YES Very high antioxidants and flavonols
- YES Raw, cold-processed to retain the nutrients found in cacao

We invite you to say YES to our delicious probiotic, omega 3, peanut butter cup, etc. chocolates, the highest antioxidant food in the world. Our chocolates have the antioxidant equivalent of 1-2 pounds of fruits and vegetables. Imagine that! . . . decadent taste, *comfort food* and great chocolate, too.

There are 3 ways to "Change your Chocolate":

1. **Retail**
2. 20% off PLUS free shipping for **Preferred Customers**. *Must use Distributor ID 150768 to receive the discount. Go to: http://xocai.xocaistore.com/index.php/tools.html?limit=30#.VFOE_JUuDzB to order. Select the product you desire, then "Create an Account", select Distributor, and insert ID# 150768.*
3. **Wholesale** is the *best value* by purchasing as a **Distributor** (\$25 annual membership fee). Commissions can apply for sales by Distributors.
4. A purchase as a **Preferred Customer** or as a **Distributor** earns you one Free Box of Healthy Chocolates™ with each third Autoship during your first year. Autoship may be cancelled at any time.

Chocolates are shipped directly to your door. How convenient is that?

We also have Chocolate Meal Replacement Shakes (0.5 gm sugar) that helped 50 people lose 3/4 ton in 12 weeks. With our Waist Management Plan, NO scales, counting calories, keeping food logs, or gym time. Free consultation with nutritional expert by phone or email.

If you have any chronic illnesses such as heart disease, circulatory problems, diabetes, depression or cancer, find out how very high antioxidants will promote your health and feelings of well-being.
